

DoP Reference No:
Product Identification Code:
Type:

DoP11 Puddle Flange
Fernco Puddle Flanges are identified with product type and size as described below:

TYPE	Product Ref. No.	Size Range (mm)
Puddle Flanges	PFT025 – PFT630	15 – 640

Intended use:

Fernco Puddle Flanges ensure a watertight and pressure-tight seal where pipes pass through concrete walls of any structure or building.
FERNCO GmbH – Hessenring 31 – 37269 Eschwege – Germany

Manufacturer / Supplier:
System of assessment & verification of constancy of performance:

System 4

Notified Body:

MFPA Leipzig GmbH – Hans-Weigel-Straße 2B – 04319 Leipzig – Germany

Declared performance:

Essential Characteristics	Performance	Technical Specifications
Reaction to fire	Class F Not tested due to end use situation	Report No. PB 5.1/23-102-1
Dimensional tolerance - Moulded rubber - Extruded rubber	Pass	
Tightness 8 bar	Pass	
Release of dangerous substances	NPD	
Durability of tightness against: - Chemical resistance to effluent - Thermal cycling stability - Long term stability	Pass	

The performance of the product identified is in conformity with the declared performance.
This declaration of performance is issued under the sole responsibility of the supplier.

Signed for and on behalf of Fernco GmbH
